Unit 7 - Story Time | Answer the following questions

- Why do you think the sailors were so fascinated with the idea of a sea monster?
Answer: Because it was described as a huge, marvelous, and terrifying creature that moved faster than whales and smashed ships.
- What role did professor Aronnax play in the voyage, and how did his scientific background help?
Answer: He joined as a marine scientist to observe and analyze the mysterious creature scientifically.
- Why do you think some sailors doubted the existence of the sea monster while others were determined to capture it?
Answer: Some doubted it because they searched for months without success; others wanted to capture it due to the terrifying reports and public debate.
- How did the description of the sea monster create a sense of both fear and wonder among the crew?
Answer: It created wonder due to its speed, but fear due to its steel-like body that smashed ships.
- What do you think the impact of the intense public debate about the sea monster's existence was?
Answer: The intense public debate forced the authorities to take action and launch a voyage to capture or kill the beast.
- In your opinion, how might the voyage to capture the sea monster affect the relationships between the crew members?
Answer: The long, unsuccessful search might have caused tension and impatience, but facing a shared danger and surviving together probably united them.
